NEWS OF THE VICINAGE.

Zack Whittaker, 80, died in Madison.

Eastern capitalists are preparing to build a big oil refinery at Somerset.

Fire destroyed 200,000 feet of lumber for A. J. Asher at his mill in Bell county.

The dwellings belonging to the Manchester Building Company of London at Middleboro, burned.

Will Poteet, of Harrodsburg, who had his appendix removed by a Louisville surgeon, is able to be out.

Capt. J. W. Hansford, the aged father of Editor W. B. Hansford, died at Science Hill last week, and the latter pays a high tribute to him in his paper.

Sylvester Storrs, who nursed former Secretary of State Wm. H. Seward when he was stabbed at the time President Lincoln was assassinated, is dead, near Berea, aged 76.

Squire Frank Catlett, aged 74 years, and a member of the Anderson fiscal court, was found dead 150 yards from his home. He started to walk home from Lawrenceburg and was overcome.

Charles Williams, who is in jail at Richmond for stealing two horses, is a brother of the postmaster of Eminence, who telegraphs that he is totally irresponsible, owing to his mental condition.

Representative Gilbert introduced bills as follows: To pension James W. Poor, Harrodsburg, \$25 a month, also Levi Reynolds, of Nicholasville, \$12 a month. To remove the charge of desertion from the records of James Huddleston and Jonathan Jacobs, of Nicholasville, and John Nolan, of Tyrone.

A move is on foot to build a Baptist college in Monticello. Judge Charles McConaghy has presented to Dr. J. Wendell Blackburn, pastor of the Baptist church there, a beautiful site on North Main Street, to be used for that purpose and at a meeting of the congregation the site was accepted and steps will be taken to secure the funds necessary to erect a handsome and commodious building.

Editor Albright, of the Mt. Vernon Signal, says the L. & N. can't buy, bully or intimidate the Signal. It wants to deal in the truth and it shall always try to treat all individuals and corporations fairly and justly, but if the L. & N. gets in politics where we think she has no business, we shall certainly box her jaws, and pull her ears. If this be treason make the most of it you can. If we don't deserve a pass we would not have it.

In a general fight at the Keg House saloon in Middlesboro, in the "Over the Rhine" district Bill Mosely was shot and instantly killed and Deputy Charles Cecil was badly wounded in the foot. The trouble was the culmination of the differences between the political factions.

Following the shooting warrants were sworn out Sunday for Chief of Police King, John Mosley and Will Sullivan accusing them of conspiracy Sullivan and Mosley were arrested, but King has left the city. There is much excitement over the condition of affairs.

LANCASTER.

H. B. Northcutt sold 9,000 dozen eggs to Cincinnati parties this week.

The speech of Congressman Gilbert on the Porto Rican tariff bill was well received here and we are proud of him as a representative.

Miss Sallie Noel's display of millinery goods last Saturday was beautiful and attractive and a large crowd was in attendance during the entire afternoon.

The democrats here are jubilant since the court of appeals went democratic, and some republicans blame Burnam and Guffy because they did right.

I had the pleasure of seeing a copy of the Somerset Journal, and of noting the fact that Mr. F. J. Campbell, who edited a paper in Stanford a quarter of a century ago, is editor, which fact insures the Journal a place among the leading papers of the State.

It is gratifying to the many readers of the INTERIOR JOURNAL to know that it will be increased in size, although everybody is satisfied with it as it is. It is thought that the bed of the old press must be melted by the heat from editorials recently printed.

At a combined meeting of citizens and the Commercial Club, the various committees to arrange for the coming of the G. A. R. were instructed as to their duties, and the same committee on raising funds for the right of way for the extension of the Southern railroad, was retained. Col. J. W. Miller was appointed chairman of the committee for entertaining the Louisville Commercial Club here on May 24.

The different churches met at the Presbyterian church Sunday night and joined in congratulatory services looking to the golden wedding of Rev. Lapeley McKee on Wednesday. The house was crowded. Touching and appropriate remarks were made by Capt. Herndon for that church, Rev. Massee for the Baptists, Rev. Robinson for the Methodists and Mr. W. I. Williams for the Christian church. The meeting showed the high repute in which Dr. McKee is held by all denominations.

Hon. R. H. Tomlinson, who has valuable property in Kansas City, received notice that he is assessed \$74 on account of the parade in that city July 4. He will go there in a few days to see about the matter of accepting an offer for the property. By the way, he will ask for the place of elector from this district and it is hoped he will have no trouble in securing it, as his services will be such as to merit the honor.

J. L. Hamilton lost by fire 4,100 lbs. of hemp and about \$75 worth of hemp seed. It was stored in Hunley Singleton's barn, several miles from town, and valued at \$150. There was no insurance on the barn or contents. E. Foley, of Whitley county, sold to J. C. Siler & Co., 120 sheep at \$3.50. Siler & Co., sold to Evan Jones, of London, a pair of mules for \$130 and bought five horses at \$75 to \$100 and four mules at \$37.50 to \$75.

Robert Preston has been lodged with Jailer Ross on the charge of breaking into Tom Sanders' store. The various cases against Hunley Singleton for selling liquor, were compromised at \$200. The proof in the last case tried, shows that the liquor was sold by a Negro on his premises. Mr. Singleton says that he never had any money in the business and that another party was running it. The compromise stops the sale on his premises and the Battle Row cases will be heard this week.

About 11 o'clock Saturday night several shots were fired in the city. One ball struck the window sash of Henry Duncan's barber shop in the Garrard Hotel building, fracturing the glass. Several country boys were seen together and although no arrests have been made yet, it is believed that the guilty parties will be found. If they are, it is hoped that the court will not compromise the case but rather give the highest fine. We have had good order for awhile and the officers and the people are determined to have it still.

H. T. Logan went to Cincinnati via Lexington, of course. Judge Walker has recovered sufficiently to be out again. Prof. Milton Elliot, Jr., of Mayfield, is here with friends. Messrs. Hughes and McClary, and Misses Edmiston, McClary and Hughes of your city, were here to see our village Sunday. Mrs. B. W. Gaines received a long, interesting letter from her son, Joseph, who is a soldier in the Philippines. Messrs. Patterson and Ward have purchased another dynamo, which will be used in connection with those now in use, to furnish more light. It will be in use before the meeting of the G. A. R. Misses Mary and Katie Beazley were guests of Miss Alice Hudson.

BOBBITT TO TAYLOR.

WITH A FEW WORDS TO OTHERS.

CRAB ORCHARD, April 8.—I see that the blood-stained assassin, Taylor, proposes to dictate the terms of his surrender and submission to civil authority. "I will surrender if you will allow me to give bail." Why should you give bail, sir, in an unobtainable case, any more than the veriest subaltern in the atrocious deed of which you were chief? Why should you be allowed to breathe the free air of liberty while your guilty confederate Caleb Powers, who is no more guilty than you, is locked in a dungeon? Do you not know sir that the constitution says: "All offenses shall be bailable with sufficient surety, except capital offenses, where the proof is evident or the presumption great?" In your case the proof is evident, and presumption so great that it would hang a sheep-killing dog of any color. Bail indeed! Rash presumption! Unblushing audacity! It is even a disgrace to this century, and to civilization that you and your co-conspirators have been permitted to live so long after the perpetration of the most deliberate and dastardly murder of any age or country.

Sixteen hundred dollars of democratic tax money paid to an assassin to murder a democratic governor! Who ever heard of a deed of blood committed under such aggravating circumstances? Do you not know sir that your party don't pay \$1 in every \$100 that is paid into the State treasury? Do you not know that your party is a dangerous compound of ignorance, cupidity and fanaticism? Don't you know that you are entitled to the first word with a capital I?

And there is another old Ignoramus called the governor of Indiana, who says he will not surrender the other guilty conspirators nor even you should you seek a city of refuge there. Why, the constitution of the United States, says that "fugitives from justice in one State fleeing into another shall be delivered up on demand of the executive authority of the State from which he fled to be removed to the State having jurisdiction of the crime." What right has this old curmudgeon to say, or even to know how justice is administered in Kentucky? I can assure him of this much, that not one out of a thousand of the conspirators, assassins and murderers of Gov. Goebel, will be hung. Their name is legion.

Those who knew of it before the act and did not communicate the information to the civil authorities, are guilty of misprision of felony. Those who knew of its commission and afterward received, relieved and comforted and assisted the felons, are guilty as accessories after the fact. The leaders of the party who are the least guilty, are guilty of misprision of felony and accessories after the fact.

Now I want to say this to Gov. Beckham: Obey the constitution of the United States, surrender all felons on requisition, even if made by such a harbinger of assassins as Mount. If Indiana will elect such a man, that is the kind of man they should have. You obey the constitution whether Gov. Mount does or not. Give McKinley no grounds to interpose the power of the Federal bayonet. The refusal of yours is universally condemned by your own party in Kentucky. It is a wonder your attorney could not have told you better. Do you want any more criminals in Kentucky than we now have?

Then Gov. Beckham why did you and the other officials ever agree to take the case to the Federal court either supreme or inferior? Had you all forgotten 1876 and 7 to 8? And did you all not know that the Federal government had no more jurisdiction over the matter than the Crab Orchard police court? Do you not know the States made the general government? Do you not know that the people made the government as agent to carry into effect certain powers delegated in the constitution by the people. Do you not know that all power not delegated to the general government is reserved by the constitution to the States respectively or to the people?

And I want to say to my old friend, Congressman Boreing, the law you are trying to pass to give the general government power over the domestic affairs of the States is unconstitutional, and has a tendency to establish a great central despotism? The other 44 States will surely take the alarm and not allow the passage of such a pernicious law. Judge Boreing why do you wish to nuzzle the stalwart arms of free born Kentuckians?

I see that a republican speaker in addressing an audience of wild fanatics, said: "Fellow citizens," and then corrected himself by saying, "I should have said fellow slaves." Would it not have been more appropriate to have said: "Fellow murderers, conspirators and assassins!"

THE INTERIOR JOURNAL

STANFORD, KY., APRIL 10, 1900

W. P. WALTON.

THE highest court in Kentucky has confirmed Gov. Beckham's title to the office of governor. Two republican judges, Burnam and Guffy, concurred in the opinion of the four democrats that the courts have no power to go behind the authenticated records of the Legislature whose action in such contests is final. Du Relle delivered a dissenting opinion. Judges Burnam and Guffy say that they were compelled by the law to decide with the majority, but say that the action of the Legislature was outrageous. The court also decided that Taylor had no right to adjourn the Legislature to London and that Gov. Goebel's death did not affect the right of Lt. Gov. Beckham. The gist of the whole matter is in this paragraph: "The court has no more right to supervise the decision of the General Assembly in determining the result of this election than it has to supervise the action of the governor in calling a special session of the Legislature, or in pardoning a criminal, or the action of the Legislature in contracting debts, or determining upon the election of its members, or doing any other act authorized by the constitution."

On a writ of error, granted by Judge Hazelrigg as he sat on a log fishing in Elkhorn, the case will be taken at once to the supreme court. The democrats will move to dismiss the appeal and it is confidently expected that it will be granted. The best lawyers say no question involving a violation of the Federal constitution is involved and that the highest court of the land will decide as Judge Taft, that it has no jurisdiction in a matter purely one in which the State alone is concerned. The only trouble about it is that it gives Taylor more time to hold the office, as it may be some weeks, months or even years before the supreme court can be prevailed on to take up the case.

THERE is little more to be told of the confession of Youtsey than was told so fully and succinctly by our Louisville telegraphic correspondent in our last issue. It fully corroborated the confessions of Golden and Culton, besides giving much more light on the diabolical plot to kill Goebel, to which let it be always remembered Taylor was fully cognizant and a participator in the crime. Youtsey, who was acting as stenographer in Taylor's office, kept him fully apprised of every movement of his co-conspirators and when everything was ready for the final act, Taylor said: "Youtsey, this is a terrible thing to think of. Murder is horrible to contemplate. But let them go ahead. The fellow will be safe enough. We can send a company of soldiers with him to the mountains, and I can pardon him." All this would seem incredible, but for the fact that every circumstance before and since the assassination proves its truth. And yet the vile creature has the audacity to assert that he is the victim of political persecution. He should be made the subject of judicial prosecution at once and instead of being permitted to play the role of usurper, he should occupy a felon's cell. The time for temporizing is past. Let action take its place and if a jury finds Taylor guilty as charged let his punishment be condign and adequate.

MR. F. J. CAMPBELL has taken charge of the Somerset Progressive Home Journal already, having bought a half interest of Mr. L. E. Hunt and he will be editor and business manager. The paper, always a nice one typographically, shows many improvements in that line as well as others and more are promised. The shape is to be changed, the patent inside discarded and what is better than all to us, who copy so much from it with credit, is that the biggest part of its long name is to be shot and the paper known simply as the Somerset Journal.

A WASHINGTON dispatch says: It is now considered doubtful whether any report is to be made by the House committee on elections in the Davison Gilbert contest. Should one be made it will favor Gilbert. Don't think by this that Davison loses out. He gets all he went for—the \$2,400 always allowed contestants. There is no other way on earth that Davison could have made that much money with so little effort and so quickly.

THE Senate judiciary committee has reported favorably on the bill providing an increase of compensation of the chief justice of the supreme court to \$15,500, each associate judge \$15,000, each circuit judge \$9,000 and each district judge \$7,000. As the present salaries go on for life, even after the judges retire, there seems no good reason for the increase. The pay seems to be ample now.

GEN. OTIS is to leave the Philippines and be succeeded by Gen. MacArthur. If the old granny had been deposed long ago, instead of letting him wait to quit himself, the war might have been over before this or conditions be in better shape.

THE LATEST.

LOUISVILLE, April 10, 9 A. M.—Republicans propose agreement whereby contests for the minor State offices be taken through the State to the U. S. supreme court immediately as in governorship cases. Democrats will likely agree today.

Republican State convention will be held May 16. If the republicans lose before the Supreme court, Taylor and Marshall will be renominated by acclamation for governor and lieutenant governor. C. D.

LOUISVILLE, April 6, 2 P. M.—The court of appeals sustains Judge Fields' in the governor cases, two republicans, Burnam and Guffy, voting with the democrats, DuRelle alone, dissenting. C. D.

About Conspirators and Assassins.

The Detroit Tribune, a republican paper, tells of the decision of the court of appeals in the governor cases and says that judging from Taylor's acts, the result is to the material interests of the State.

The understanding is that the capital hotel government at Frankfort will not apply heroic treatment to the Statehouse verminiform appendix so long as the latter confines itself to its only function—doin' nothin' and botherin' nobody.—Louisville Times.

Dr. Phillips, of Clay, says that he has seen Howard and had a long talk with him. Howard told him that when ever a warrant was issued for his arrest he would gladly go with the officer having it and would not attempt to dodge or resist the law in any way.

The police arrested two of Taylor's drunken soldiers at Frankfort Saturday night, but they were rescued by comrades, and when the police were reinforced, all the Taylor militia were called to arms. The regular soldiers started to the scene, but Capt. Longmire sent them back and averted a clash which seemed imminent.

The Georgetown News is pretty tough on Knox. It says: Caleb Powers wrote a letter to a friend in Knox county, saying: "I have done nothing to disgrace my mountain county." It is true that Powers is charged with being an accomplice to one of the most damnable crimes ever committed in any State in the Union, but at that we must confess he has not disgraced his mountain county.

"I do not know Jim Howard. Further any statement that connects me with any part of the so-called conspiracy; that I knew of any such; that I aided, abetted or tolerated any such, is absolutely and unqualifiedly false, and any such talk is but a part of that \$100,000 reward," says Charles Finley safe as he thinks in Indiana. If so it ought to be very easy to prove it in court. His actions belie his statements.

Ex-Treasurer Walter Day has expressed a willingness to go before the Franklin grand jury and tell what he knows of the conspiracy to assassinate Gov. Goebel, and his offer will be accepted. Other republican officeholders are now willing to testify. Mr. Day was on the point of resigning after the assassination, but Taylor induced him to hold on. Thereupon Day left his office in charge of a deputy and went to his home in Breathitt county.

Capt. Longmire, of the Beckham Guards, received a threatening letter from London, warning him that if he goes there with soldiers, he "will meet with the same fate as Tom Brker, who was assassinated when we were soldiering together at Manchester." It is signed "Your Friend Tom," and says Beckham's army will be wiped out if an attempt is made to dispossess the republicans in the State House.

In Youtsey's confession, the name of Dr. Johnson, of Jackson, appears. He offered to shave his moustache off, gain admission to Goebel's room and blow him up with dynamite. This is the same fellow that Taylor pardoned of a jail sentence for carrying concealed weapons at Frankfort and the same that Marshal Shannon, of Crab Orchard, arrested for forgery said to have been committed in Oklahoma, but unfortunately he got away from him.

Jim Howard, the Clay county feudist who is under indictment for killing one or more of the Bakers, is said by Youtsey to have fired the shot that killed Goebel. For it he got \$1,600 in money and the promise by Taylor of a pardon of the murder charges pending against him at London by change of venue from Clay. A warrant has been issued for his arrest, but it will be pretty hard to apprehend him in his mountain haunts.

Of course a man who would conspire to assassinate, would lie, and we give Taylor's statement as a proof of it: "Once and for all, I desire to say that neither directly nor indirectly had I any connection with the assassination of Senator Goebel. I am a citizen of this State, amenable to its laws. I am not a criminal, neither shall I ever be a fugitive from justice. Whenever indicted, if such an outrage should be committed, I shall appear for trial, conscious of my innocence and of the ultimate triumph of right and justice." He adds that he is governor and will continue to act until the supreme court decides against him.

The supreme court decided the case of the L. & N. vs Adolph Schmidt, trustee, against the L. & N. The case has been in the courts since 1885. It makes the L. & N. liable for the interest in the Cumberland & Ohio railroad bonds.

POLITICIANS AND POLITICS.

Tom Pettit has issued a call for a populist conference at Louisville on the 25th.

Hon. Oscar Turner, of Louisville, was selected as one of the Congressional executive committee.

Both political parties will hold conventions in Alaska in May to name National convention delegates.

Democratic National Committeeman Smalley, of Vermont, says Dewey's State will send a Bryan delegation to Kansas City.

Admiral Dewey has made up his mind that he is a democrat, adding that he had always been a democrat, but had never voted in his life.

Gov. Bradley says he will not take advantage of any technicality to delay the progress of the governor's case in the supreme court, but will seek an immediate hearing.

Gen. Joe Wheeler says the greatest ambition of his life has been realized and he regards the mention of his name for vice president as merely the kind expressions of partial friends.

Since Col. Watterson and ye writer have announced their unconditional support of the forthcoming Kansas City platform and ticket, and high priest Walton has pronounced a benediction upon our devoted heads, the game of electing Bryan may as well proceed.—Somerset Journal.

Credentials of the Hon. J. C. S. Blackburn as a Senator from Kentucky for the six years beginning March 4, 1901, were presented in the Senate by Mr. Jones, of Arkansas. Deboe asked that they be referred to the committee on privileges and election.

The general belief is that the democratic State convention will be held at Louisville, June 26. The Auditorium or Music Hall will be the place. The convention will select the delegates to the National convention and name the State ticket. If Taylor loses his fight Beckham, it is thought, will have no opposition for the nomination.

COUNTY COURT DAY.—The first trial of the stock pens was made yesterday and it proved generally satisfactory, though there was some kicking. Col. Jordan Peter Chandler found a good deal of it and declaring it would ruin Stanford as a stock market. We are glad to know that the managers, Florance and Dawes, did well for the first day. They report that they handled 335 cattle and six sheep, the cattle bringing from 34 to 54 cents. Of the sales at the pens we got onto the following: George Jones to J. E. Lynn 8 yearlings at \$25, Hofmann & Siler, of Jellico, sold a bunch of calves and short yearlings at 34 to 5c, Denny Bros. sold 43 small cattle at \$20 to \$23 and Jesse C. Lynn bought of George W. Jones, of Pulaski, two cattle that weighed 3,380 at 44c.

Red Leaf by R. E. Goddard, of Mercer.

Only two jacks were shown, one by Took Hubble and the other by R. E. Sallee.

It wasn't as large a show as in the palmier horse days, but what was lacking in quantity was fully made up in quality, and the large crowd that thronged the streets from Beazley's stable to the cut off pike attested the never failing interest in horse performances.

At Barbourville yesterday both Judge John Henry Wilson and Ex-Judge W. L. Brown attempted to preside. The latter refused to vacate although Judge Wilson produced his certificate of election. There are several murder cases set for this term of court, among them being that of Dee and Wiley Baker, the Clay county feudists, George Cole for the murder of Town Marshal Tom Roach on December 31, 1888.

SPARKS' circus only charges 25c admission, but that is no proof that it is a cheap show. As a matter of fact, it is said to be an unusually good one. Remember the date, Monday, April 16.

BAD.—Dr. H. Brown, as executor of W. B. Braxdale, sold \$600 worth of notes and accounts due his estate at auction yesterday for \$8, the highest bid Auctioneer J. P. Chandler could get after "dwelling" a long time.

THE Hustonville horse show will be next Saturday and Geo. Weatherford writes that a large number of horses and a great many people will be there. Doc Drye will be over from Lexington with six nice horses.

4TH OF JULY.—Mr. A. A. Warren, who conceived the idea of celebrating the last 4th of July in the splendid manner it was, is already evolving plans for the next and thinks with the co-operation of the merchants and others as before, the last effort will be eclipsed.

BASTIN BURNED OUT.—The residence and hotel property at Pittsburg of J. W. Bastin, the coal man, formerly of this county, burned Friday, having caught in the roof. Little was saved from the second floor, but most of the valuables on the first floor were gotten out, though in bad shape. The loss is estimated at \$4,000, insurance \$1,500.

CIRCUS.—John H. Sparks' Old Reliable Virginia Shows and Great Trained Animal Exposition will exhibit in Stanford, April 16, on Monday afternoon and night. Larger, grander and better than ever before, twice its former size, but the price of admission is the same, 25 cents, children, under 12 years of age, only 10 cents. Known the world over as the cleanest, neatest and most up-to-date show in America. With all new, original and startling features. Remember the day and date.

STRUCK IT RICH.—Most Stanford people will remember H. C. Mills, the shoemaker, because he left owing nearly all of them. While here he was always telling of his big prospects for fortune and if this from the Lexington Leader is true he has struck it at last: "Mr. H. C. Mills and family leave for Macon, Ga., tonight to take possession of a large and handsome hotel, formerly 'The National,' now 'The Brown House,' just across from the Grand Depot, to which he has recently gained possession by the settlement of a long contested law suit. SALES.—Auctioneer J. P. Chandler sold for Commissioner R. C. Warren yesterday six acres of land at the Crab Orchard depot, belonging to the estate of Mrs. Sallie Ann Higgins to Sam Lindsay, for \$205 and 12½ acres on Buck Creek for \$7.

THE good weather kept away some farmers yesterday but a pretty good crowd attended court and some trading was done. Farmers say that already it is getting too dry to plow, the 10 days of sunny weather drawing most of the moisture out of the ground. It is still fair this morning, though the indications are for rain.

THE C. W. B. M. will have a praise service at the Christian church Wednesday, Thursday, Friday and Saturday afternoons of this week, beginning at 3 P. M. each day except Saturday when it will begin at 2. On that afternoon, the State Organizer, Miss Sublette, will give a talk and all the auxiliaries of the county will be represented on the program. All persons interested in missions are cordially invited to attend. Miss Anne H. Shanks, secretary.

NOT ON THE MAP.—Rube Bronaugh was here yesterday having a great deal of fun telling how the station agent at New Orleans took Chris. Gentry down. He told Bronaugh that the fare was \$19.65 to Crab Orchard and when Chris. asked the fare to Stanford, he was told that the agent knew of no such place. Chris. thought he would save 10 miles in fare, but he had to buy a ticket to Crab Orchard too and he is now of the opinion that the L. & N. is not only a knave, but a d—n fool.

THE Kinetoscope Entertainments given by Prof. Alexander Campbell Hopkins at the Christian church were excellent and instructive and he ought to have taken in fully \$100 here, though we hear he got not exceeding \$25 for the four evenings. He went to Lancaster yesterday where he will remain till Friday and that night show at Turnersville, where he will also give entertainments Saturday, Sunday and Monday nights. The person who sees the pictures and doesn't contribute is getting something for nothing and imposing on a poor man.

HEIRESES.—By the will of Mrs. Martha Martin probated yesterday, Misses Jennie and Marie Warren are given half of her estate and Mrs. J. N. Saunders and Judge J. W. Alcorn a fourth each of the remainder. Judge Alcorn and Hon. R. C. Warren are named as executors and the will dated April 22, 1878, is attested by John Blain and Breck Jones. A codicil, making a small change, is attested by James B. Paxton and W. F. Abrahams. Mrs. Martin's property consists mainly of land, which she directs much be turned into cash. The legatees are not related to the testatrix and they will be quite "rich" when they get their divide.

"It's 12 o'clock" said pretty Alice Kendrick to Elmer Myers at Crawfordsville, Ind., as the hour hand of the clock pointed to midnight. "That's a hint for me to go," said the love sick swain and he went and straightway blew out the little brains he had.

Thomas C. Yeager, formerly of Stanford, was married at Canton, Mo., to Miss Hattie L. Johnson. The Herald, of that place, says: The bride is one of Canton's loveliest daughters, dearly loved by her intimate friends and admired by all who know her. Mr. Yeager came from Kentucky about a year ago, and since then has won a host of friends. He is a young man of sterling worth, and is to be congratulated on winning such a charming bride.
